Only the registered keeper or the person about to become the registered keeper of this vehicle can apply.

Give all the details section 2 asks for.

You cannot continue with your application.
- **Do not enclose the vehicle's tax disc with this application.**

- The Nominee will have no right to the vehicle registration number until it is assigned to their vehicle.

H What happens next?

- The DVLA local office may want to inspect your vehicle. If so, the local office will tell you the date and place of the inspection.

Once your application is approved, the following will apply.

- The vehicle in section 2 will be given a replacement vehicle registration number appropriate to its age, unless you want to assign another appropriate vehicle registration number at the same time.
- The vehicle in section 3 will have its current vehicle registration number withdrawn (even if it is a personalised registration number), unless you also apply to transfer or retain it when you make this application.
- The DVLA local office will send you a confirmation letter, usually within two weeks. In most cases this will include your new tax disc, authorisation to display the new vehicle registration number and your amended MoT or GVT certificate (if appropriate). You are responsible for informing your insurance provider of your new registration number, otherwise you may receive a continuous insurance penalty.
- We will send your new V5C and a Retention Document, (if you are retaining the vehicle registration number), within four weeks of receiving your application. However, this could take up to eight weeks if you included a V62 or if we need to inspect the vehicle. If you do not receive your documents after eight weeks, phone DVLA Customer Enquiries on 0300 790 6802.
- If you have given someone else's details as the Grantee the Retention Document will be sent to them.
